

For Our MPS Foundation Children

I need to look and listen

I need to smell and try.

I need to touch and taste

And ask the question Why?

I need freedom to explore my world

I need space to stretch and climb.

I need to run and hop and jump

And all in my own time.

Let me wonder, imagine and pretend

As this is the magic of play.

I need to know so many things

Building friendships along the way.

We will provide you with all the things you need

So you can learn and understand.

We will pick you up, when you fall

And take you by the hand.

We will celebrate all that YOU achieve

We will be YOUR biggest fan.

We will be your strength when you are tired

And show YOU that you CAN!

Together we will explore

This AMAZING world we live in

In a safe, exciting and nurturing environment

Let the LOVE for learning BEGIN!

Motivation + Perseverance = Success!
