

Our Principles of Governance and Scheme of Delegation

- Good governance at both Brigshaw Learning Partnership and Local Governing Body level is very important in securing our values and aims as a multi-academy trust within a clear and accountable framework.
- The Board of the Brigshaw Learning Partnership is committed to working collaboratively with all Local Governing Bodies, and to ensuring that all decisions affecting individual schools are based on open and transparent consultation with them.
- The Board will fully consult Local Governing Bodies on proposals for their composition, membership, structure and terms of reference, and on developing eligibility criteria to support the recruitment and appointment of governors
- Where schools are performing well, the Board is committed to Local Governing Bodies and school leaders having very high levels of autonomy and delegated responsibility to lead and manage their schools strategically and operationally.
- On the principle of 'tiered autonomy', if a school becomes potentially vulnerable, the Board will provide increased levels of support, challenge or, if necessary, intervention. This may involve reviewing and withdrawing specific delegated authorities, as outlined in the Scheme of Delegation.
- The Scheme of Delegation outlines where accountability and responsibility lie in a multi-academy trust – at both Trust Board and individual Local Governing Bodies and school level The Scheme of Delegation aims to:
 - Promote a culture of honesty and accountability
 - Ensure the executive leadership is clear about which decisions the trust board remain in control of
 - Identify responsibility for the appointment and performance management of the CEO/executive HT and HTs
 - Ensure that the role of the executive leadership is fully understood throughout the MAT
 - Identify responsibility for policy and practice in each school
 - Identify responsibility for oversight of educational performance in each school
 - Identify responsibility for oversight of each school's budget
 - Identify responsibility for assessment of risk in each school

Approved by BLP Board March 2021

Noted by LGBs summer 2021

To be published on all school and BLP websites

Reviewed annually in September

Roles and responsibilities

The role of the Members

The Members of the Trust are guardians of the governance of the Trust and as such have a different status to Directors. Our original Members were the signatories to the Memorandum of Association and agreed the Trust's first Articles of Association. The Members appoint Directors to ensure that the Trust's charitable objectives are carried out. Accordingly, the Trust Board submits an annual report on the performance of the Trust to the Members. Members are also responsible for approving any amendments made to the Trust's Articles of Association and approve the appointment of external auditors.

There must be at least three Members, although the DfE prefer at least five, and while Members are permitted to be appointed as Directors, in order to retain a degree of separation of powers between the Members and the Trust board, and in line with DfE expectations, not all Members should be Directors. Members are not permitted to be employees of the academy Trust.

The role of the Directors

The MAT is a charitable company and so Directors are both charity Trustees (within the terms of section 177(1) of the Charities Act 2011) and company Directors.

The Directors form the Trust board and are responsible for the general control and management of the administration of the Trust, and in accordance with the provisions set out in the Memorandum and Articles of Association and its funding agreement. The Board is legally responsible and accountable for all statutory functions, for the performance of all schools within the Trust, and must approve a written Scheme of Delegation of Financial Powers that maintains robust internal control arrangements. In addition it must carry out the three core governance functions:

1. Ensure clarity of vision, ethos and strategic direction
2. Hold the executive to account for the educational performance of the Trust's schools and their pupils, and the performance management of staff
3. Oversee the financial performance of the Trust and make sure its money is well spent

The Board of Directors has the right to review and adapt its governance structure at any time which includes removing delegation.

The role of Trust Board committees

The Directors may establish committees to carry out some of its governance functions which may include making decisions, although any decisions made will be deemed decisions of the Trust Board. The membership and responsibilities of board committees are set out in the committee's Terms of Reference. It is usual for the Trust Board to appoint board committee Chairs and committee members according to their skills.

The role of the Chief Education Officer (CEO) incorporating Accounting Officer

The CEO has the delegated responsibility for the operation of the trust including the performance of the trust's schools and so the CEO performance manages the Headteachers. As there can be delegation of some governance functions to Local Governing Bodies, this is usually with the LGB Chair alongside.

The CEO is the Accounting Officer so has overall responsibility for the operation of the Trust's financial responsibilities and must ensure that the organisation is run with financial effectiveness and stability; avoiding waste, securing value for money, compliant with the Funding Agreement and the Academies Financial Handbook.

The CEO leads the executive management team of the academy trust. The CEO will delegate executive management functions to the executive management team and is accountable to the trust board for the performance of the executive management team.

The role of the Local Governing Bodies (LGBs)

LGBs are established as Trust committees and carry out some of the Trust's school level governance functions, although as Directors are not required to sit on academy committees, decision making is limited. The Directors appoint the LGB Chair and Vice Chair and approve Trust Governor appointments, and ensure that two parents and staff governors are elected to the LGB.

Typically, delegated functions may include:

- Building an understanding of how the school is led and managed
- Monitoring whether the school is:
 - Working within agreed policies
 - Is meeting the agreed targets
 - Managing its finances well
- Engaging with stakeholders
- Being a point of consultation and representation
- Reporting to the board
- Approval of policies as per the policy delegation list

As a committee of the Board, delegation can be removed at any time.

The role of the Headteacher/Head of School

The Headteacher/Head of School is responsible for the day to day management of the school and is managed by the Chief Education Officer with the Executive Headteacher (if appointed) but reports to the school LGB on matters which have been delegated to it which may include an element of monitoring and scrutiny of the school's performance.

Scheme of Delegation for Schools not classified as vulnerable

Decision/Responsibility	Delegation									
	Governance

HM Treasury approval may also be needed writing-off debts and losses above delegated limits (AFH) entering into guarantees, letters of comfort or indemnities above delegated limits 		

Scheme of Delegation for Vulnerable Schools

The Brigshaw Learning Partnership Scheme of Delegation is based on its schools being 'good' or 'outstanding' (for example as judged by Ofsted) and therefore having high levels of autonomy.

Schools can become vulnerable relatively quickly. This puts them at risk of finding it more challenging to ensure pupils and students make expected progress and achieve good outcomes. This could happen for a range of reasons, including:

- a significant event with ongoing consequences – for example a fire, a major incident, a bereavement
- staff absence or significant staffing changes
- a particularly challenging cohort or group of pupils
- challenges in the wider community
- lower pupil numbers or other pressures leading to budget difficulties
- inconsistent or inadequate quality of teaching
- inadequate leadership at whole school or area level (eg curriculum, key stage, pastoral group)
- lack of rigorous oversight at governing body level

Sometimes a school's vulnerability is short-term and its causes can be addressed 'internally' with limited advice or support from within the BLP. In other cases, the issues may be more complex and require a more sustained response.

In the case of an Ofsted Section 5 Inspection which judges the school to require improvement or inadequate, the Board will take appropriate steps to ensure the school's action plan is robust and appropriately targeted, resourced and led. These steps may include a range of the intervention strategies identified below.

Support, Challenge and Intervention

The Brigshaw Learning Partnership Board has a moral responsibility and legal duty to ensure that schools in the Trust are challenged, as well as supported, in their work.

As part of the ongoing 'support and challenge' relationship between the Chief Education Officer and Headteachers, and between The BLP Board, its committees and Local Governing Bodies, the Board will be well-informed about school performance and any measures being taken to address shared concerns.

Where the Board, on the recommendation of The Chief Education Officer, believes that a school is at risk, it may implement a range of interventions, placing the school in a formal 'intensive support' status, on a whole-school or targeted basis.

Intensive support: intervention

The CEO, in consultation with the Board, and where appropriate with the Headteacher and Local Governing Body, may implement one or more of the steps outlined here:

- authorise a formal school review, led by the CEO, focusing on identifying the nature and extent of the issues facing the school, and identifying appropriate steps to address them
- appoint a member (or members) of BLP staff, or an external consultant, to work in the school, with an agreed range of responsibilities, either alongside existing staff, or where necessary, taking on some or all of their responsibilities for a given period of time
- introduce a regular programme of monitoring visits to gauge progress and impact against agreed priorities
- arrange for appropriate and targeted training and professional development for relevant staff
- where relevant, place the operational financial management of the school with the BLP shared services team
- where relevant, amend LGB powers as per the Scheme of Delegation for vulnerable schools
- initiate appropriate disciplinary or capability procedures against a member of staff
- co-opt appointments to the local governing body
- suspend or dissolve a local governing body and appoint an interim executive board (IEB)

The aim of an intensive support programme is to return the school to the levels of autonomy outlined in The Scheme of Delegation as swiftly as possible. Progress against any targets and/or the agreed action plan will be reported by the CEO to The BLP Board at each meeting.
